Description

This beautiful Victorian SILVER TEA CADDY was made by James Dixon & Sons in 1901. Made from heavy gauge silver, the caddy has an ovoid shape with ribbed sides and a lovely embossed scroll border around the shoulder and top of the lid. The lid is hinged and the interior retains its original light gilt coating. There are no added engravings or monograms and there are two blank cartouches which could be used to personalise this superb tea caddy. In excellent condition with virtually no wear despite it being 115 years old, this wonderful piece would make a lovely gift or add to any collection.
