Description

This is a rare example of a gents watch made by the maker Audax. It has a rectangular shaped case and a square sub second dial, very much of the Art Deco era. The fully restored dial is in perfect condition. It has had a new glass fitted and the case has been professionally cleaned and polished so is absolutely pristine. The case measures 22mm x 32mm without the winding crown which means it can be worn by a lady or gentleman. It has a new premium grade chestnut brown leather strap. This watch has been fully and professionally overhauled by Alan Williams FBHI, the process is highly detailed and meticulous. The watch is stripped down to its component parts and each part is examined under a microscope for signs of wear, any worn parts are replaced with genuine manufacturers original parts. every part is then thoroughly cleaned in a 3 stage ultrasonic cleaning process. The movement is then fully assembled using manufacturer approved oils and lubricants and is carried out in a clean room environment. The watch movement is then checked and adjusted for accurate time keeping. The cases are polished and the watch sealed. Obviously this is not a cheap or quick process which ...
