

SA423620

An antique gold plated pocket watch

Price

Sold

Item Reference: SA423620

Date of manufacture: 1920

Description

An antique gold plated pocket watch. The watch has a Swiss stem-winding movement, with whiplash regulator, which is working nicely. The movement is protected by an inner hinged cover. The watch itself measures 50mm diameter excluding the stem and the loop. The case gold plated and was made by the American Watch Case Company, it was usual for Swiss movements to be exported to the US to be cased. There is rubbing to the plate on the case, mainly around the sides and on the back. The watch glass is in good condition. The white enamel dial has a fine hairline crack running from number 3 down through the subsidiary seconds dial. PRICE INCLUDES WORLDWIDE POSTAGE
