

SA423632

Antique Swiss full hunter pocket watch

Price

Sold**Item Reference: SA423632****Date of manufacture: 1900**

Description

Antique Swiss full hunter pocket watch. The watch has a Swiss stem-winding movement which is working well. The watch has a lever setting mechanism which is set by pulling the lever out and turning the winding stem to adjust the hands. The watch measures 51mm diameter excluding the winding stem and the loop. The case is gold filled and was made by the Illinois watch case company. The case has light surface marks from use and light rubbing to the edges but overall it is in nice condition. The watch lens is plastic and is in nice condition. The watch has an enamel dial signed Admiralty, Northern Goldsmiths Co. Newcastle. The dial has a small nibble above the centre hole although hardly noticeable but otherwise it is in nice condition. The watch has blued steel hands. Price includes worldwide postage.
