Description

Antique 1898 Waltham 14ct gold filled pocket watch. The watch has a stem-winding movement which is working well. The movement is signed Am Watch Co, Waltham Mass and it has the serial number 8922628 which dates it back to 1898. The movement is protected by an inner hinged cover. The watch itself measures 50.3 mm diameter excluding the winding stem and the loop. The 14ct gold filled case was made by the Dennison Watch Case Co and was originally guaranteed to wear 25 years. The case has light surface marks from use and the odd small "ding" but overall it is in nice condition. The watch lens has light surface marking from use although very acceptable. The dial is signed Waltham and is in nice condition. The watch has its original blued steel hands. Price includes worldwide postage.
