Description

Beautiful large stripped pine Linen Press. A good honest piece of country house furniture. It has two nicely panelled cupboard doors with a brass knob that open to a shelved interior. This sits atop two short drawers and two long drawers with dark turned knobs on a plinth base. It is in good condition throughout. It has been stripped and given a smooth waxed finish while retaining its authentic aged patina. The shelves inside are believed to be original and as such have been left. They are clean and sturdy however there are some historic woodworm holes. Similarly the back has some historic woodworm holes but these have all been treated and it is clean and sturdy. The drawers run smoothly and each drawer has been given a new base and new runners. The outer of the Linen Press is generally clean and in good original condition. There are some small splits in the sides of the base but nothing to concern us. The best description comes from the pictures so please look at them all carefully and if you have any questions please ask.
