Description

An oak cased wall clock striking on the half-hour and the hour with a beautifully clear, resonating tone.. The 8 day movement has just been fully serviced by our BHI registered staff. The case is nicely polished with a deep, rich patina. It has a concave glass to the dial and bevelled glass panels to the lower half of the case. The 7" silvered dial has black Roman numerals and nicely cut hands, with a matching silvered pendulum. A very smart clock.
