Depth = 16 cm (6.3")

Description

A lovely arch-topped mahogany bracket clock by the World renowned German maker JUNGHANS. A 6" silvered, convex dial with engraved black Roman numerals and nicely cut hands with brass bezel and convex bevelled glass. The bezel is opened by means of a spring loaded brass button to the side of the clock. The 8 day movement strikes on the half-hour and the hour with a rich, resonating tone. It has just been serviced by our BHI registered staff. The mahogany case retains it's original French-polished finish and has a deep, rich, warm patina. It has recessed, brass lined panels to the lower half of the case and stands on 4 brass bun feet. A lovely clean clock.
