Description

Circa 1900-1930 this is a pair of beautifully made early Arts and Crafts candlesticks. Made completely in brass, the candlesticks measure 31cm in height and the base is approximately 10.5cm square. The piercing designs on the base and the top of the column would have been done by highly skilled craftsmen, and the base has been left without a solid bottom so that light comes through the design. Postage and packing within the UK mainland only is included in the price, and for delivery elsewhere, please contact us for a quote.
