Description

A 1926 9 carat gold mid-size wrist watch. The watch has a good quality Swiss hand-winding movement, with two adjustments, and it is working nicely. The watch itself measures 27mm wide excluding the winding crown and 27mm high excluding the lugs... it would suit a man with a slim wrist or it would work nicely as a lady's watch. The case is 9 carat gold and there are hallmarks inside the case back for Glasgow (import mark) 1926 with a maker's mark for Sylvain Dreyfus. The case is in good condition for such an early piece, just a small knock to the top left hand corner of the bezel. The lens has light marks but is very acceptable. The dial is in its original finish and it has a nice look with blue steel hands, a textured finish and outer minute markers picked out in gold paint. Again, there is a little marking but nothing too detrimental. A new leather strap has been fitted.
