## Description

This Victorian doorstop is possibly bronze weighing just under 5kgs - or it could be solid brass with a lead base. It is a beautifully made excellent quality figure, along the lines of a Griffin holding a shield. We have not had such a fine doorstop for many, many years. The doorstop measures 29cm in length and 20 cm in height. The width of the base is 9cm at the widest part of both ends. We have included estimated p&p costs of £10 in the price for the UK mainland only, but for outside areas and abroad please contact us for a quote for delivery.
