Description

Circa early 1910 - 1940 This unusual magnifying glass comes with it's original stand. The whole item is well made and in good quality brass, with the original lead base underneath. The glass can be moved up and down the main stand and can be used in either direction by adjusting the screws. The glass and stand measure 26cm in height; the base is 11cm in diameter, and the magnifying glass itself is approx 8cm in diameter. Postage for UK mainland only is included in the price, but for delivery elsewhere, please contact us for a quote.
