Description

A characterful antique Georgian side chair or desk chair in mahogany dating from circa 1800. With arched top rail over a fan shaped back splat, with drop-in seat on moulded tapered legs united by cross stretcher. The drop-in seat has been newly reupholstered in a good quality faux suede in mushroom. A lovely rich colour with a warm patina to the mahogany. This chair is solid and sturdy and would make a great desk chair – however it does have lots of old mends to the seat rail and to the back (see photos). Construction/Wood: Mahogany Condition Report: Solid and sturdy with quite a few old mends to the seat rails, legs and back (see photo). Newly reupholstered. Cross stretchers and some seat rails appear to be replacements. Dimensions: Width: 54cm Depth: 43cm Height to seat: 46cm Overall Height: 96cm
