

SA428273

A 1930s Fokker pocket watch

Price

Sold**Item Reference: SA428273****Date of manufacture: 1930**

Description

A 1930s Fokker pocket watch. The watch has a stem-winding movement which is working nicely. The movement is protected by an inner hinged cover. The watch itself measures 50mm diameter excluding the winding stem and the loop. The case is 800 silver and there are Swiss hallmarks inside the back cover, together with the name Boliden Silver. (The Boliden Mining Company was formed in the 1920s, in Boliden which is near Skelleftea in northern Sweden). There is a rose gold wash around the bezel and also around the edge of the hinged case back. The case is in very nice condition and the engine turned detail to the case back is still nice and crisp. The lens is in good condition too. The signed dial has a subtle two tone finish and it is in lovely condition. The handsome hour and minute hands give the watch a very distinguished appearance, and the outer minute track with 24 hour numbers is also a charming feature.
