

SA428275

1920s Gédéon Thommen galonne cased pocket watch

Price

Sold**Item Reference: SA428275****Date of manufacture: 1920**

Description

An antique Gédéon Thommen galonne cased pocket watch. The watch has a stem-winding movement which is working nicely. The movement is signed with the GT initials and is protected by an inner hinged cover. The watch itself measures 50mm diameter excluding the winding stem and the loop. The case is 800 silver with a rose gold wash around the bezel and around the edge of the case back. The case is in good condition and the engine turned detail on the hinged case back is still nice and crisp. The watch glass is in good condition. The white enamel dial has several very faint hairline cracks which are just about visible to the naked eye. The hour hand is a later replacement but of the correct period. PRICE INCLUDES WORLDWIDE POSTAGE
