Date of manufacture: 1920

Description

A 1920s Omega gun metal cased pocket watch. The watch has a stem-winding movement which is working nicely. The movement is signed with the Omega name and the serial number 5,372,447 which dates it back to around 1920. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gun metal with contrasting rose gold embellishments. As with many gun metal cases, there is marking across the back of the watch. The watch glass is in good order. The signed white enamel dial has a charming appearance and the red 24 hour dial is a nice feature. There is a faint hairline crack running through number 12. PRICE INCLUDES WORLDWIDE POSTAGE
