Depth = 17 cm (6.7")

Description

Antique C1900 Edwardian Unusual Pullman Brass and Steel Lamp Fully Rewired For sale we have a beautiful Edwardian circa 1900 - 1910 Pullman lamp made with steel and brass. This is a very early and unusual design - the only one we have seen. The inner stem is a steel core, the outer stem is "peeled away" into 3 steel parts that was brass plated. Some of the brass plate has been polished off but this only adds to its charm. Tripod feet are ornate. Fully rewired and PAT tested; ready to go into the home. Gives out beautiful lights. Takes standard light bulb. Hand painted shade, which believed to be original. Solid and sturdy, lit beautifully. In excellent condition. Height = 18.5 in/47 cm Width = 6.5 in/ 16.5cm Shade = 7.5 in / 19 cm (widest); 6.5 in/ 16.5cm high. Any queries please email sales@hodgson-antiques.co.uk. Delivery charge for the UK is £14; we also ship internationally please ask us for a quote.
