

SA431060

An antique Zenith galonne cased pocket watch, 1918

Price

Sold

Item Reference: SA431060

Date of manufacture: 1910

Description

An antique Zenith galonne cased pocket watch. The watch has a signed stem-winding movement with cam disc regulator. The movement is working nicely. It has the serial number 2,225,517 which dates it back to 1918. The movement is protected by an inner hinged cover which is engraved with details of the movement and also of medals won at the trade exhibition in Paris in 1900. The watch measures 51mm diameter excluding the winding stem and the loop. The case is 800 silver with a rose gold wash around the bezel and the edge of the case back... there is rubbing to the wash, just from use. The inside of the case backs have Swiss hallmarks, together with the Zenith mark. The white enamel dial is signed Zenith. The ornate hands are a particularly handsome feature... these were popular in the Scandinavian countries at the beginning of the 20th Century. There is some damage at number 4 and several hairline cracks. PRICE INCLUDES WORLDWIDE POSTAGE
