Description

An antique 1903 Waltham Traveler pocket watch. The watch has a stem-winding movement which is working well. The movement is signed American Waltham USA, Traveler and it has the serial number 12736402 which dates it back to 1903. The movement is protected by an inner hinged cover. The watch measures 50.8mm diameter excluding the winding stem and the loop. The case is gold plated and is the Moon model made by the Dennison Watch Case Company. The case has light surface marks from use and a small "ding" to the back but overall it is in nice condition for a 1900s piece. The watch glass is in nice condition with only the odd minor mark. The enamel dial is in nice condition. The watch has its original gold hands (the sub second hand is possibly later although antique). Price includes worldwide postage.
