Description

An antique Waltham Traveler full hunter pocket watch. The watch has a stem-winding movement, Traveler grade, which is working well. The movement is fully signed and the serial number of 9263128 dates it back to 1899. It is protected by an inner hinged cover. The watch itself measures 50mm diameter excluding the winding stem and the loop. The case is a good quality 14ct gold filled case, originally guaranteed to wear 25 years. It has beautiful detail to both the front and the back, and it is in lovely condition. The front of the case has a cartouche with the initials CBM (although not necessarily in that order). The winding crown pushes in to open the front cover. Inside there is an acrylic lens which is in good condition. The signed white enamel dial is in good condition, with blued steel hands, a subsidiary seconds dial and an outer minute track. PRICE INCLUDES WORLDWIDE POSTAGE
