Description

A gents 1950s Certina wrist watch. The watch has a Swiss Certina hand-winding movement, calibre 320, which is working nicely. It is protected by an inner cover. The watch measures 33mm diameter excluding the winding crown and the lugs so a good size for a watch from the 1950s. The case is stainless steel and it is in lovely condition. The case back is signed inside with the Certina name. Both the case and the lens are in good condition. The signed dial has a charming two tone finish which gives the watch plenty of character. There is some marking and some darkening to the numers. A new leather strap has been fitted. PRICE INCLUDES WORLDWIDE POSTAGE
