Date of manufacture: 1940

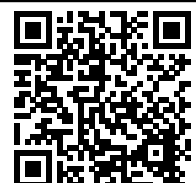

Description

A 1940s 9 carat gold Rotary wrist watch. The watch has a hand-winding movement, calibre 440, which is working nicely. The movement has the Rotary wings logo. The watch itself measures 29mm wide excluding the winding crown and 29mm high excluding the fixed lugs... it was originally designed to be worn by a man although it would suit a slim wrist, or it would work nicely as a lady's watch. The case is 9 carat gold and there are hallmarks inside the case back for Birmingham 1947 with a maker's mark for the case maker Aaron Dennison. The case is in lovely condition. The lens is in very nice condition. The signed dial has a little marking but very acceptable for a 1940s piece. A new black leather strap has been fitted. PRICE INCLUDES WORLDWIDE POSTAGE
