Description

A gents 9 carat gold Visible wrist watch. The watch has a signed hand-winding movement which is working nicely. The watch itself measures 31mm diameter excluding the winding crown and the rather stylish lugs. The case is 9 carat gold and there are hallmarks inside the case back for London 1950. The case is of unusual design and it is in good condition, just a 4mm scratch to the case back. The back is a screw-on fitting with a milled edge so a nice sign of quality. The dial is in good condition. The watch has been fitted with a later leather strap. PRICE INCLUDES WORLDWIDE POSTAGE
