Description

An antique silver Zenith pocket watch, 1914. The watch has a hand-winding movement which is working nicely. The movement is signed and it has the serial number 1,731,743 which dates it back to 1914. The movement is protected by an inner hinged cover. The watch measures 52mm diameter excluding the winding stem and the loop. The case is 800 silver with a rose gold wash to the edge although there is quite a lot of rubbing to the wash. There are Swiss hallmarks inside both of the case backs. The acrylic lens is in good condition. The white enamel dial has a couple of hairline cracks, although quite faint. Breguet style hands, (a little marking to the minute hand), a subsidiary seconds dial and outer minute markers. PRICE INCLUDES WORLDWIDE POSTAGE
