Description

Good Regency period Scottish simulated rosewood arm chair. The chair with typical Ayrshire style back with carved central fan, scroll arms and sabre front legs. Very nice shape half cut turned front rail. The chair is simulated on beech and as far as I can see all the simulation appears to be original and very well done. There is no damage or repairs to the chair. Lovely colour. SIZE; 20" cross the front. 18" deep. 33" high overall CIRCA; 1820
