Dimensions

Height = 7 cm (2.8")

Width = 5 cm (2.0")

Depth = 1 cm (0.4")

Description

Antique Waltham stem winding pocket watch. The watch has a good quality stem-winding movement which is working well. The movement is signed AWW Co, Waltham, Mass and it has the serial number 22959767 which dates it back to 1919. The watch measures 50.7mm diameter excluding the winding stem and the loop. The gold plated case is the Star model made by the English watch case maker A L Dennison. The case has light surface marks from use and a mild bruise to the back although hardly noticeable but overall it is in nice condition for a 1919 piece. The watch glass is in nice condition with only minor surface marks from use. The enamel dial is signed Waltham, USA. The dial has a couple of faint hairline cracks to the bottom although hardly noticeable but overall it is in nice condition. The watch has its original blued steel hands. Price includes worldwide postage.
