Description

This pair of antique wing armchairs have just been completely re-upholstered with new feather cushions. They have generous proportions & are very comfortable. I love armchairs that you can put your head back on & always find wing armchairs the most comfortable of all armchairs. They have hump backs, shaped wings & scrolled out arms. The cushions are very generously filled with new feathers. These chairs have shaped Queen Anne style legs & the front legs are beautifully carved too. I would date them to around the 1910-20's period. Width - 34.3", 87 cm Depth - 34.3", 87 cm Height - 45.3", 115 cm Seat height - 17.3", 44 cm
