Date of manufacture: 1920

Description

A vintage 1920s silver stem winding pocket watch. The pocket watch has a stem-winding movement which is working well. The nicely jewelled movement is unsigned. The movement is protected by an inner hinged cover. The watch measures 49.5mm diameter excluding the winding stem and the loop. The case is silver and has import marks for Edinburgh 1922 and the importers mark SP (Robert Pringle) on the inner and outer covers. The case has light surface marks from use and a mild unevenness to the outer edge. The glass lens is in good condition with only the odd minor mark from use. The white enamel dial is in nice condition. The watch has its original blued steel hands. The watch comes in a new presentation box. Price includes worldwide postage.
