## Description

We are pleased to have sourced yet another very nice large 19th Century pine farmhouse storage bench. Dating from mid 1800's, this is a very well made solid bench with a hardwood corner structure. The back rest has lovely spindles and two dove carvings. The seat itself lifts up to reveal plenty of storage space, we have added a support to hold the lid up for when you are adding or removing things from seat. Most of our customers buy these benches to have in their kitchens, storing tableware, candles etc... or in the hallway storing shoes/wellies/dog leads etc. Recently stripped to the bare wood, it is now ready for wax polishing or painting. Our price does include our professional wax polishing service, however, if you would prefer to buy it in the bare wood or painted, please contact us for a quote. Total height 36.5", seat height 18", width 78", depth 22"
