Description

A superb twin handled Arts and Crafts copper pot/planter. In excellent condition, this unusually shaped planter would make a striking decorative feature in any interior. The inside of the planter has a lovely punched decoration. We have shown the planter with flowers, but have used a liner vessel to stand the flowers in. It would be equally useful filled with small logs at the side of a fire. c.1890 Height: 9" (23cm) Diameter: 14" (35cm) Diameter inc. handles: 17" (43cm)
