Description

A highly attractive French mantel clock that is in pristine condition. Unfortunately our photos do not adequately show the true colour and brightness to their true glory. The 8 day movement strikes on the half-hours and the hours. It has just been fully overhauled by our BHI registered staff. The white enamelled dial has black Arabic numerals and nicely cut hands. It is free of any chips, cracks or crazing. The beautifully shaped case has an urn finial top, side carrying handles and sprayed bracket feet. It has been lacquered throughout to prevent tarnishing. A very magnificent clock indeed.
