Date of manufacture: 1850

Dimensions

Height = 114 cm (44.9")

Width = 152 cm (59.8")

Depth = 35 cm (13.8")

Description

Antique Victorian Mahogany Dwarf bookcase with an inverted breakfront & carved corbels top & bottom. It's in good condition & has adjustable shelves on sharks teeth supports. This bookcase sits on a plinth base & has the original pine panelled back. We probably should have stained up the back a bit, because the original staining has really worn out, but there again, this won't be noticed when the books are in place. You can also see an old storage or sellers label still fixed to the back. This item dates to around the 1840-60's period. Sorry about the dust inside. We really haven't presented this piece very well. Length - 60", 152 cm Depth - 13.8", 35 cm Height - 44.9", 114 cm
