Dimensions

Height = 185 cm (72.8")

Width = 400 cm (157.5")

Depth = 170 cm (66.9")

Description

FINE & RARE early 20th century horse drawn carriage in fully restored show condition. Metal framed with original wooden wheels. All the metalware is original and has just been cleaned and re-painted. The wooden wheels have all had brand new rubber tyres and the bearings have all been fully restored with the result the carriage moves easily. All the woodwork has been re-done but to the exact pattern of the originals, the woodwork has all been given two coats of yacht varnish and is all sound. Personally I think the woodwork would look better painted with the mouldings picked out in a different colour. The carriage has a working break and has the original suspension both front and back. All in all a beautiful piece in top condition. Any further information required please ask. The carriage is stored inside at the Rait Centre. Would be ideal for a wedding company. UPLIFT FROM RAIT ANTIQUES CENTRE ONLY. SIZES; Basically 10 foot long by 67" wide by 6 foot high The wheels are front 39" diameter, back 50" diameter. CIRCA; 1900 - 1920
