Description

Here we have one of the nicest small dresser bases I have seen for quite some time. It is the most wonderful, gorgeous original colour with great patination from many years of waxing. The dresser base is only 55" wide and is pretty much in original condition apart from the missing rack obviously. Unusual five drawer configuration, the drawers with moulded edges, original iron locks and original wooden knobs. The drawers are all pine lined. Below the drawers the profusely shaped aprons are a really nice touch. Turned uprights to the front with chamfered square legs to the rear with pot board which has a moulded edge. The top section with original spice drawers along the back with scratch cock beaded edge, brass knobs and pine lined. Original shoes with nicely moulded tops. The top section of the spice drawers with moulded and grooved part for holding plates etc. The dresser would originally have had a plate rack which has been missing for quite some time judging by the patination around the moulded piece that has been put in the mortise. The dresser is a great small size, great design and lovely colour, what more could you want? SIZE; 55" wide by 18" deep by 34" high...
