Description

Large mid C19th Victorian period carved walnut X-frame stool. Useful rectangular stool of large scale proportions , standing on boldly carved X -framed ends with central turned disc patera , united by a turned central stretcher. Well carved scroll-work detail to each of the side frames . Strong and sturdy construction , the well-carved X-frame ends of robust form . Would work well as a coffee table , window seat , dressing stool or occasional seating . In excellent condition , retains its apparently original cover and upholstery. Would benefit from re-covering . No breaks , repairs or damage. H 17" W 36" D 21" England c.1850
