Description

A silver 1930s Buren pocket watch. The watch has a signed stem-winding movement which is working nicely. The movement is stamped Buren, 15 jewels, Swiss made. The watch measures 50.5mm diameter excluding the winding stem and the loop. The case is silver and there are silver import marks inside the case back for London with the importers mark W.H.S (William Henry Sparrow) the marks on the inside of the case back are worn although they are crisp on the inner case back. The case has a mild bruising to the back but overall is in good condition. The inner case back is inscribed W.Bradford from his workmates 1934. The glass lens is in nice condition with only the odd minor mark from use. The white enamel dial has a faint hairline crack between 12 & 1 O'clock but otherwise it is in nice condition. The watch has its original blued steel hands. The watch comes in a new presentation box. Price includes worldwide postage.
