Description

For sale we have a beautiful Edwardian circa 1900 railway pullman lamp. Original gas switch in situ. Hand painted glass shade in excellent condition. This is an early high quality example judging from its solid brass tripod feet (they are thick, not just a thin piece of brass that you can bend with hands which you see from the later ones). It is significantly heavier than the later versions. Fully rewired and PAT tested; ready to go into the home. Gives out beautiful lights. Takes standard light bulb. Solid, heavy and sturdy, lit beautifully. In excellent condition. Measurements (all approx.): Height = 19.5 in/49 cm Width between feet = 6 in/ 15cm Shade opening = 6 1/4"/16cm: Height = 6"/15cm Free UK delivery. We ship worldwide; please ask us for a quote.
