Date of manufacture: 1920

Description

A 1928 silver Cyma pocket watch. The watch has a good quality Swiss stem-winding movement, calibre 919 with 15 jewels and three adjustments, which is working nicely. The movement is protected by an inner hinged cover which has a long service award engraving. The watch itself measures 50mm diameter excluding the winding stem and the loop. The case is silver and there are hallmarks inside both of the case backs for Birmingham 1928 with a maker's mark for Aaron Dennison. The case is in good condition and the engine turned detail to the hinged case back is still nice and crisp. The watch glass is in good condition. The white enamel dial is signed James Wadsworth, Manchester... this would have been the original retailer of the watch. The dial is in lovely condition with blued steel hands, a subsidiary seconds dial and an outer minute track. The watch will be sent in a new presentation box. PRICE INCLUDES WORLDWIDE POSTAGE
