Description

Antique 1903 Waltham Bond Street full hunter pocket watch. The watch has a stem-winding movement which is working well. The movement is signed A M Watch Co, Waltham, Mass, Bond St and it has the serial number 12904179 which dates it back to 1903. The movement is protected by an inner hinged dust cover. The watch measures 49.6mm diameter excluding the winding stem and the loop. The case is the Star model made by Waltham. The winding crown pushes in to open the front cover. The case has minor surface marks from use and the odd small "ding" to the back but overall is very acceptable for an antique piece. The plastic lens is in nice condition. The signed dial is in nice condition and it has its original blued steel hands. The watch comes in a new presentation box. Price includes worldwide postage.
