

SA441567

1920s Cyma full hunter pocket watch

Price

Sold**Item Reference: SA441567****Date of manufacture: 1920**

Description

1920s Cyma full hunter pocket watch. The watch has a nicely jewelled Swiss stem-winding movement which is working well. The movement is stamped with the Cyma calibre number 998 and Swiss made. The movement is protected by an inner hinged cover. The watch measures 50.6mm diameter excluding the winding stem and the loop. The case is gold plated and is the Star model made by the English watch case maker Aaron Dennison. The case is in nice condition with only light surface marks from use and slight rubbing to the bottom of the back but overall it is in nice condition for a 1920s piece. The winding crown is pressed in to release the front cover. Inside is a plastic lens which is in nice condition and a white enamel dial. There is a very faint hairline crack between 4 & 5 o'clock although hardly noticeable but overall it is in nice condition. The watch has its original blued steel hands. The watch comes in a new presentation box. Price includes worldwide postage.
