Description

Very comfortable pair of antique Chippendale style leather wing armchairs, with generous proportions & high backs. These armchairs were upholstered in an old fabric, so I had them re-upholstered in top quality hide & hand coloured. I would say the frames date from around the 1920-30's period. The leather has been individually hand tacked onto the frames & the cushions have completely new feather innards. These chairs have hump backs, well shaped wings & arms & they sit on chamfered mahogany legs with cross stretchers. Width - 34", 86 cm Depth - 34", 86 cm Height - 45", 114 cm Seat Height - 19", 48 cm Please note if looking on eBay - UK delivery charge mentioned is only for England & Wales, so always ask for other areas. The international shipping estimate is very loosely based on USA shipping, so again please ask first.
