Description

Gents 9 carat gold Waltham cushion cased wrist watch. The watch has a hand-winding movement, grade 361, which is working nicely. The movement is fully signed and it has the serial number 27370591 which dates it back to the first half of the 1930s. The watch measures 30.5mm wide excluding the winding crown and 30.5mm high excluding the lugs. The case is 9 carat gold and there are hallmarks inside the hinged case back for Birmingham 1935, with a maker's mark for the English watch case maker Aaron Dennison. The case has some unevenness and marking commensurate with its age. The lens is in good condition. The signed enamel dial has a good look with the red number 12, blued steel hands and an outer minute track. There is a hairline crack between 11 and 12. A new black leather strap has been fitted. The watch will be sent in a new presentation box. FREE WORLDWIDE SHIPPING
