Sold**Item Reference: SA446686****Date of manufacture: 19th Century**

Dimensions

Height = 99 cm (39.0")

Width = 304 cm (119.7")

Depth = 78 cm (30.7")

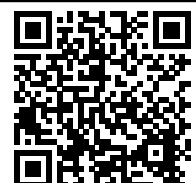

Description

Very impressive large antique Swedish sofa in satin birch, with other various inlays & some ebonizing. It's in good original condition & has just been re-upholstered in a taupe coloured linen fabric. This sofa does have very large proportions & is quite deep. It would really need some scatter cushions for the back making & possibly some bolsters for the ends. I can arrange that if you like. I would say it dates to around the 1830-50 period, but it's very hard for me to be accurate with dating Swedish furniture. It definitely has an Empire period look. I had the upholstered back panel especially made, because it had a rough open back, which was how these pieces were always made. They were made to sit along a wall, so weren't meant to be seen. However, it looks much nicer like this. Also, because this sofa is so large & heavy, it needs to be dismantled in order to get it into a room. You will notice that the back section isn't sitting tight in the images. It will be delivered in four sections, plus the back panel. It all slots together in situ & then the upholstered back piece is screwed on last once everything else is tight. Width - 120", 304 cm Depth - 30.7", 78 cm Height...
