Description

A wonderful pair of wooden candlesticks, always a winning combination, polished Oak and brass. The English Oak has been skillfully carved in a spiralling barley twist design. The cast brass tops in the form of Scottish thistle form, protect the wood from hot wax drips, the brass re-polished to gleam. The pair do stand straight, when photographed as a pair, it often looks like one is leaning, but this is not the case. The underside of each has been covered in fresh green baize to protect your furniture. Dating to around 1900, they both remain in excellent condition, measuring a more unusual smaller size - 8" tall with a base diameter of 5".
