## Description

An attractive, solid, antique pine chest of drawers in very good condition throughout. Dating from the 1920's, it has two small drawers above two full width drawers each with the original beech wooden knobs. It has been stripped to the bare wood so is now ready for either painting or wax polishing. The price shown includes our professional wax polishing service - if you would like us to paint it for you, please contact us for a quote. We have recently painted a very similar chest of drawers in an "off black" for a Swiss chalet, and it had a very authentic, timeless appearance to it. The darker paints give the furniture a moody /masculine feel to it. We use Farrow & Ball paint, please have a look at their website to decide which colour you would prefer. Height 30", width 39", depth 22.5
