Date of manufacture: 1950

Description

A gents 1950s Gruen Veri-Thin Precision wrist watch. The watch has a calibre 425 hand-winding movement which is working nicely. The movement is fully signed. The watch itself measures 25mm wide excluding the winding crown and 25mm high excluding the lugs... it would suit a slimmer wrist. The case is gold filled with a Guildite case back (Gruen's brand name for a stainless steel alloy). The case is in good condition, as is the curved lens. The signed dial is in its original finish which is in good condition with original hands, a subsidiary seconds dial and outer minute markers. A new leather strap has been fitted. The watch will be sent in a new presentation box. FREE WORLDWIDE SHIPPING
