Description

An early 1950s wrist watch originally retailed by Walker & Hall. The watch has a Swiss 15-jewel hand-winding movement which is working nicely. The watch itself measures 31mm diameter excluding the winding crown and the lugs. The case is stainless and it is a good quality case with a screw-on case back with milled edge, and charming articulated lugs. The back of the watch has a 1951 inscription. The signed dial has darkened with age but it has a very appealing look and overall is a very good looking watch. Original hands, a subsidiary seconds dial and an outer minute track. A new leather strap has been fitted. The watch will be sent in a new presentation box.
