Description

An antique 1918 Waltham Traveler pocket watch. The watch has a stem-winding movement which is working well. The movement is signed American Waltham USA, Traveler and it has the serial number 21856401 which dates it back to 1918. The watch measures 50.2mm diameter excluding the winding stem and the loop. The case is gold filled and was originally guaranteed for 20 years. The case has a screw on front and back. The case has light surface marks from use and mild wear to the engine turned detail but overall it is in nice condition for a 1910s piece. The plastic lens is in nice condition with only the odd minor mark. The enamel dial is signed Waltham U.S.A. The dial has a faint hairline crack between the sub second dial and 5 o'clock but otherwise it is in nice condition. The watch has its original blued steel hands. The watch will be sent in a new presentation box. Price includes worldwide postage.
