Date of manufacture: 1910

Description

An antique Swiss silver pocket watch. The watch has a stem-winding movement which is working well. The movement is protected by an inner hinged cover. The watch measures 51 mm diameter excluding the winding stem and the loop. The case is silver and has Swiss .935 silver marks. The case has some unevenness to the back but otherwise it is in nice condition. The plastic lens is in nice condition. The enamel dial is in nice condition. The hands are initially set by way of the pin set mechanism. The watch has its original gold hands (the sub second hand is possibly later although antique) The watch will be sent in a new presentation box. Price includes worldwide postage.
