## Description

Genuine French Birdcage 6 arm Gilded Brass candelabra dating from around c1900 dressed full of original large high lead content hand cut crystal drops, as well a large crystal ball. Average size of the Crystal is 3x2 inches with a total of 103. Professionally rewired to electrics. The frame is solid and has a lovely patina which would fit in nicely in both period and modern homes; it has been sympathetically cleaned and restored without losing the patina. The chandelier has 6 arms with 1 bulb on each arm. This chandelier has been professionally rewired and restored to the highest standard using only the best components, and ready for immediate installation. The visible wire is 3 core braided woven silk flex cable in a colour that matches the chandelier frame.
